Name	Product	Product type	Location	Note	Website link	Documentation	Github
Consensys	N/A	N/A	Many..	Consensys is an investment fund that invested in a lot of companies, like Truffl	https://consensys.net/	https://consensys	https://github.com/ConsenSys
Truffle	Truffle framework, Ganache, Drizzle	Developer tools	New York	Their developer tools are free, and their commercial product is Truffle Teams (t	https://www.trufflesuite	https://www.truffl	https://github.com/trufflesuite/truffle
OpenZeppelin	OpenZeppelin framework	Developer tools	Remote	Their developer tools are free, and they are working on a paid tool for Blockcha	https://openzeppelin.cd	https://docs.open	https://github.com/OpenZeppelin
Infura	Ethereum API	Developer tools	New York, San Fransisco	Their API has a free tier, and also a paid tier for big users	https://infura.io/	https://infura.io/d	https://github.com/INFURA
The Graph	Ethereum API	Developer tools	San Fransisco	They expose a Graphql API for Ethereum smart contracts	https://thegraph.com/	https://thegraph.com/docs/quick-start	
Loom Network	LoomChain, a layer2 scaling solution, focused on	Developer tools	Bangkok	Loom Network has done lots of other projects, like CryptoZombies. I know the	https://loomx.io/	https://loomx.io/d	https://github.com/loomnetwork
MakerDAO	DAI Stablecoin	DeFi	Santa Cruz (CA) / New York	One of the most famous DeFi project	https://makerdao.com	https://docs.maki	https://github.com/makerdao
Uniswap	Decentralized tokens marketplace	DeFi	New York	One of the most famous DeFi project	https://uniswap.io/	https://uniswap.o	https://github.com/Uniswap
Compound	Decentralized lending/borrowing	DeFi	San Fransisco	One of the most famous DeFi project	https://compound.finan	https://compound.finance/developers	
Augur	Decentralized prediction market	DeFi	San Fransisco	Early Ethereum company. Biggest team of smart contract developer	https://www.augur.net/	https://www.augu	https://github.com/AugurProject
Gnosis	Decentralized prediction market	DeFi	Berlin	Early Ethereum company.	https://gnosis.io/	https://conditiona	https://github.com/gnosis
FutureSwap	Decentralized leveraged token marketplace	DeFi	San Fransisco	One of co-founder is an alumni	https://www.futureswap.com/		
Aragon	Decentralized Autonimous Organization (DAO)	DAO	Madrid	Their developer relation is an alumni	https://aragon.org/	https://hack.aragi	https://github.com/aragon/aragon
Trailofbits	Security audits	Security			https://www.trailofbits.com/		
Peppersec	Security audits	Security		They made smart contract audits for lots of famous Blockchain project. Compa	https://peppersec.com/		
Dapper Labs	Cryptokitties	Game	Vancouver	Cryptokitties was the first massively successful Dapp on Ethereum	https://www.dapperlabs	https://docs.api.d	https://github.com/dapperlabs
Blockchain Intelligence	N/A	Blockchain developmen	Vancouver	Develop custom Blockchain software for customers	https://blockchaingroup.io/		
LeewayHertz	N/A	Blockchain developmen	New York/ San Fransisco	Develop custom Blockchain software for customers	https://www.leewayhertz.com/		
ArcTouch	N/A	Blockchain developmen	New York/ San Fransisco	Develop custom Blockchain software for customers	https://arctouch.com/		
Solulab	N/A	Blockchain developmen	New York / LA	Develop custom Blockchain software for customers	https://www.solulab.com		
Espeo	N/A	Blockchain developmen	San Fransisco	Develop custom Blockchain software for customers	https://espeoblockchain.com/		
Block Volution	N/A	Blockchain developmen	Santa Monica	Develop custom Blockchain software for customers	https://blockvolution.io/		
Erna	N/A	Blockchain developmen	San Jose	Develop custom Blockchain software for customers	https://erna.com/		
Revelry	N/A	Blockchain developmen	New Orleans	Develop custom Blockchain software for customers	https://revelry.co/		
Chopdawg	N/A	Blockchain developmen	Philadelphia / Boston / Seat	Develop custom Blockchain software for customers	https://chopdawg.com/		
Signy	N/A	Blockchain developmen	London	Develop custom Blockchain software for customers	https://signy.io		
Blockcubes	N/A	Blockchain developmen	London	Develop custom Blockchain software for customers	http://blockcubes.io/		
Bitfury	N/A	Blockchain developmen	Amsterdam	Develop custom Blockchain software for customers	https://bitfury.com/		
Chainsquad	N/A	Blockchain developmen	Erlangen, Germany	Develop custom Blockchain software for customers	http://chainsquad.com/		
Blockchangers	N/A	Blockchain developmen	Oslo	Develop custom Blockchain software for customers	https://www.blockchangers.com/		
ChromaWay	N/A	Blockchain developmen	Stockholm	Develop custom Blockchain software for customers	https://chromaway.com/		
OpenLedger	N/A	Blockchain developmen	Copenhagen	Develop custom Blockchain software for customers	https://openledger.info/		
Altoros	N/A	Blockchain developmen	Minsk	Develop custom Blockchain software for customers	https://www.altoros.com/		
To The Moon Lab	N/A	Blockchain developmen	Riga	Develop custom Blockchain software for customers	http://tothemoonlab.com/		
Sparkbit	N/A	Blockchain developmen	Warsaw	Develop custom Blockchain software for customers	https://www.sparkbit.pl/		
Creatielt	N/A	Blockchain developmen	Warsaw	Develop custom Blockchain software for customers	https://www.creatiel.com/		
Look 4 Dapps	N/A	Blockchain developmen	Warsaw	Develop custom Blockchain software for customers	https://www.l4a-soft.com/		
S Pro	N/A	Blockchain developmen	Kiev	Develop custom Blockchain software for customers	https://s-pro.io/		
HackBG	N/A	Blockchain developmen	Sofia	Develop custom Blockchain software for customers	https://hack.bg/		
LimeChain	N/A	Blockchain developmen	Sofia	Develop custom Blockchain software for customers	https://limechain.tech/		https://github.com/LimeChain
MixBytes	N/A	Blockchain developmen	Moscow	Develop custom Blockchain software for customers	https://mixbytes.io/		
Titanium Blockchain	N/A	Blockchain developmen	Israel	Develop custom Blockchain software for customers	https://titanium-blockchain.com/		
Primechain	N/A	Blockchain developmen	Mumbai	Develop custom Blockchain software for customers	https://www.primechaintech.com/		
Somish	N/A	Blockchain developmen	New Delhi	Develop custom Blockchain software for customers	https://www.somish.com/		
CodeZeros	N/A	Blockchain developmen	Ahmedabad	Develop custom Blockchain software for customers	https://www.codezeros.com/		
Block360	N/A	Blockchain developmen	Pakistan	Develop custom Blockchain software for customers	https://block360.io/		
InfoPulse	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://www.infopulse.com/		
Axioma	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://www.axiomadev.com/		
Quillhash	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://www.quillhash.com/		
Accubits	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://accubits.com/		
Unicsoft	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://unicsoft.com/		
Pixelplex	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://pixelplex.io/		
4irelabs	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://4irelabs.com/		
IBM IX	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://www.ibm.com/services/ibmix/		
Cryptosoftwares	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://cryptosoftwares.com/		
Inboundmuse	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://www.inboundmuse.com/		
Web3devs	N/A	Blockchain developmen	Many location	Develop custom Blockchain software for customers	https://web3devs.com/		
	These blockchain companies do core Blockchain development. That's a bit different from what I team in this course, but some of them might still need some Dapp / smart contract developers						
PrismaticLabs	Core blockchain development	Blockchain	New York	They are working on Ethereum 2.0	https://prysmaticlabs.g	https://docs.prysi	https://github.com/prysmaticlabs/prysm
ParityTech	Core blockchain development	Blockchain	Berlin	They work on the Ethereum Parity client (Rust) and on Substrate, an IBC (Inter	https://www.parity.io/	https://substrate.i	https://github.com/paritytech/
Cosmos	Core blockchain development	Blockchain	Berlin	They work on a IBC solution called Cosmochain, the most famous one IBC pro	https://cosmos.network	https://cosmos.ne	https://docs.cosmos.network/
SpaceChain	Core blockchain development	Blockchain	London	I had an interview with one of the cofounder, Jeff Garzic, a famous Bitcoin deve	https://spacechain.com/		https://github.com/spacechain
	Crypto Job boards						
Crypto Job List	https://cryptojobslist.com/	I had an interview with the founder here. Full of tips for finding your first Blockchain job. (https://www.youtube.com/watch?v=YYZN96g1C7g)
